

# Introducing Nedbank Corporate Finance

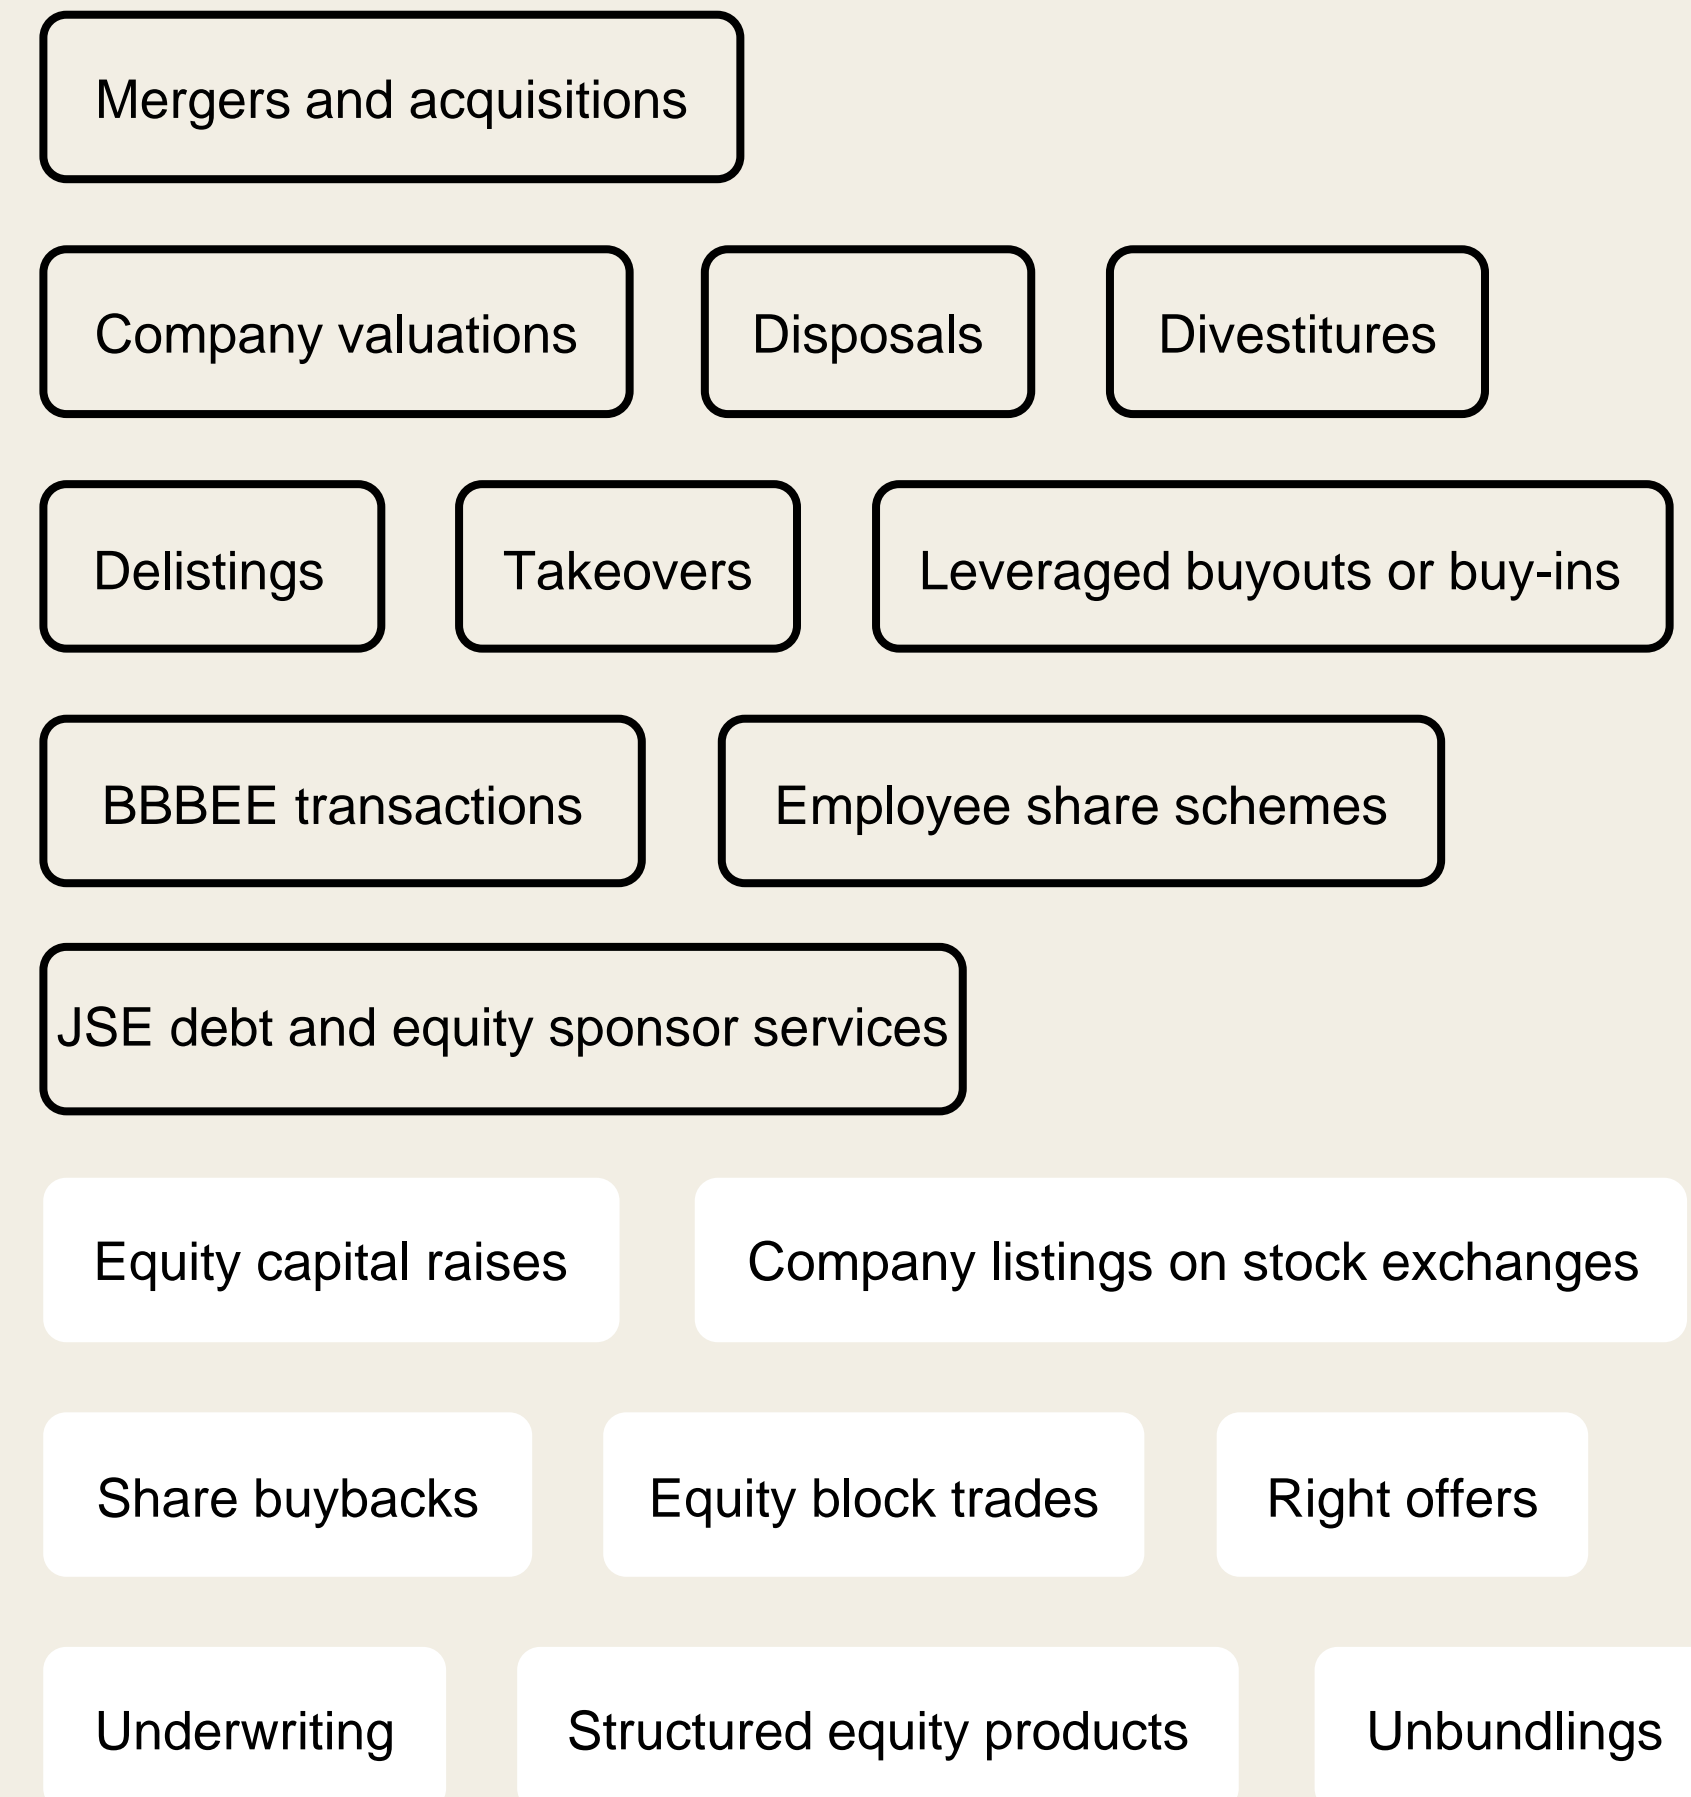

see money differently

Through its unparalleled expertise, Nedbank Corporate Finance is fast establishing itself as the bank of choice in the world of advisory and capital markets.

Led by an award-winning team, Nedbank Corporate Finance offers comprehensive end-to-end advice that is strategically tailored to suit its clients' needs, both domestically and across the African continent.

While focused predominantly on fast-growing small companies, middle-market businesses, large unlisted and JSE-listed corporates, Nedbank Corporate Finance supports governments and many other enterprises, including private equity funds, financial investors and family-owned businesses – all of which benefit from its second-to-none understanding of the market and consummate proficiency across a broad spectrum of verticals.

Nedbank Corporate Finance offers advisory services in the following transactions:
